
WELL DONE
THARSHANA FIRST
RANKING IN SCHOOL

Manivannan Tharshana (Case No 1002) is studying grade 1 at Kothiyapulah Kalaivani Vidiyalayam. She ranks first in her class. Thanks for all the assistance received from VDO and ChildFund

Tharshana is one of the sponsored children in Kothiyapulah of the Singing Fish Area. Her village has undergone tremendous hardship during the conflict which she is not aware of them. However, now she enjoys a peaceful situation in her village and is being helped by VDO and ChildFund to have her rights of education, food and shelter.

I love my mother who gives me nutritious food and protection. She writes for me to the sponsor the good things I tell her.

She is one of the person encouraging me to study well and to be happy.

Thank you mother

Tharshana is a happy child in the pass of success.

Tharshana has just begin to attend primary school. She had some basic knowledge when she was at the ECD centre. When she entered grade 1 in primary school, English is not taught at that level. But she can now fairly express herself in English and say some poems as she is attending the Common English classes held in the vicinity. This was organized by VDO.

There are talented young children in various ways. Tharshana attended the Art Classes organized by VDO to address the loitering children and bring out the hidden talents of young children. She has now improved in her talent of art and is drawing beautiful pictures which were shown to her colleagues in her school and was highly praised.

Mayuran is my pet. He is very naughty. I love to be with him during my leisure time. But his mother always calls him to be with her.

My special thanks to my sponsor who really cares me. Even though they are very far from my country, I see their photographs very frequently. Thank you for ChildFund Sri Lanka and ChildFund New Zealand.
